

SKATEBOARD, SCOOTER, IN-LINE SKATING AND HEELYS SAFETY

- Children should never ride skateboards or scooters in or near traffic.
- All skateboarders and scooter-riders should wear a helmet and other protective gear; wrist guards are particularly important.
- Communities should continue to develop skateboard parks, which are more likely to be monitored for safety than ramps and jumps constructed by children at home.
- While in-line skating or wearing Heelys, be sure to wear appropriate protective equipment and only skate on designated paths or rinks and not on the street.
